

Lily NOTE Pad

LILYPAD can send messages for Bonnie to her friends. Make a special **OFFLINE** version of **LILY** to use **WHENEVER** you want!

YOU'LL NEED:

- ★ 2 sheets of cardboard
- ★ glue
- ★ safety scissors
- ★ string
- ★ markers or paint
- ★ a notebook (that fits in the frame)

for
HELP!

CUT OUT the right-hand page. **GLUE** it onto a sheet of cardboard. **CUT OUT** the outline and the window of **LILYPAD** from the cardboard along the dotted line.

TRACE the outline onto another piece of cardboard. **CUT OUT** the outline of **LILYPAD** from the cardboard.

GLUE the 2 pieces of cardboard together, with the frame on top, making sure the outlines fit together. Then **COLOUR LILYPAD** using your favourite technique.

MAKE 4 holes as shown in the picture. **CREATE** two loops of string that are not too tight and **THREAD** them through the holes. Then **SECURE** the back cover of the notebook through the two loops of string!
